STAT

Dear

I am writing further to my letter of April 7th concerning the visit of General Smith to Kingston to speak to the National Defence College on June 23rd.

Will you let us know at your convenience the approximate time of General Smith's arrival at the Kingston airport. We have tentatively scheduled his lecture for 1400 hours on the 23rd.

Before his departure for Europe, Air Vice Marshal Dunlap asked me to extend to General Smith a very cordial invitation to stay with him at his residence, "Roselawn", the night of June 23rd. Will you let me know whether it will be possible for General Smith to accept this invitation and whether he will be accompanied by an aide during his visit. Should he find it convenient to remain over night, Air Vice Marshal and Mrs. Dunlap will plan a small dinner party that evening and "black tie" will be in order.

We shall make all necessary arrangements for customs clearance here. Should General Smith prefer to remain over night and as the Kingston airport is not an operational R.C.A.F. airport, the air crew may prefer to take their plane on to the R.C.A.F. Station at Trenton, which is about sixty miles west of Kingston on Lake Ontario, where adequate servicing facilities are available; or if they wish they may remain in Kingston.

I shall look forward with much pleasure to your reply.
